SUMMARY

Motivated and dedicated student currently pursuing a Bachelor's degree in Software Engineering, with a strong background in content writing. Proficient in programming languages, software development concepts, and algorithms, combined with extensive experience in creating compelling and engaging content across various platforms. Skilled in communicating complex ideas effectively and tailoring content to target audiences. Proactive learner with a strong attention to detail, able to adapt writing style to meet diverse requirements. Strong problem-solving and analytical skills developed through coursework and hands-on experience. Seeking opportunities to apply and enhance my combined skills in software engineering in a challenging internship or entry-level role. Committed to contributing to the success of an organization while continuously growing and developing in both technical and creative domains
